About Abri community

Abri incorporates six separate residential wings over multiple levels which are connected by lifts and a series of well-placed ramps. The communal areas located throughout the complex are comfortable and home to a variety of activities and functions.

A range of allied health professionals regularly visit Abri, including an occupational therapist, physiotherapist, podiatrist, dentist, audiologist, speech therapist and a dietitian. A hairdresser is also available on-site by appointment.

Our leisure and lifestyle specialists coordinate a broad variety of activities in conjunction with the residents of Abri. Pre-entry discussions and feedback from our residents enable our staff to identify leisure interests so that our program can be tailored to suit residents preferences.

Abri also offers a full commercial on-site kitchen that provides freshly prepared meals which are served in the communal dining room. Special meals to honour cultural events are also prepared, as well as meals that cater for special dietary requirements and special occasions. Our on-site commercial laundry also provides clothes washing services for all residents.

Residents and their families are welcome to access the services of our fully qualified spiritual and pastoral carer.
