About Symes Grove community

The home has a number of wings located on ground floor and first floor levels. These areas incorporate dedicated common facilities, which include activity, lounge and dining areas. In addition, a central community area includes a café, chapel, media room, gymnasium, hairdressing salon and areas for family celebrations and group activities. A sensory garden is available for quiet reflection and a landscaped inner courtyard area is available for external functions and activities.

A range of allied health professionals regularly visit Symes Grove, including an occupational therapist, geriatrician, physiotherapist, podiatrist, dentist, optometrist, audiologist, speech therapist and a dietitian. A hairdresser is available on-site.

Our leisure and lifestyle specialists coordinate a broad variety of activities in conjunction with the residents. Pre-entry discussions enable our staff to identify leisure interests so that our program can be tailored to suit resident preferences.

Symes Grove has many bilingual staff members who cater for residents whose first language is not English. Frequent visitors from a variety of cultural backgrounds enable residents to keep in touch with their own languages through conversation and interaction.

The home has a full commercial on-site kitchen that provides freshly prepared meals which are delivered to our dining areas. Special meals are prepared to mark cultural events, cater for special dietary requirements and special occasions. Our on-site laundry provides clothes washing services for all residents.

Weekly Anglican Church services are held in the chapel, with clergy from other denominations visiting as required. Fully qualified spiritual and pastoral carers are on hand to assist residents and their families.
