# St Martin's Residential Aged Care

Effective from 1 July 2025

## Our St Martin's community

St Martin's is a welcoming home set within peaceful, leafy surroundings in Taigum. Our single-level design ensures easy accessibility for all residents, with spacious communal areas, landscaped gardens, and outdoor courtyards for relaxing and socialising. The vibrant community spaces offer plenty of opportunities to connect, whether through shared meals, group activities, or quiet moments in our chapel, creating a warm and comfortable environment.

We prioritise high-quality, person-centred care that supports your independence and wellbeing. Our experienced clinical care team provides 24-hour nurse support, allied health services, specialised medical care, and dementia care. For residents experiencing severe behavioural and psychological symptoms of dementia (BPSD), we offer a Specialist Dementia Care Program tailored to their needs.

Nutritious, home-style meals are freshly prepared daily, catering to individual dietary needs, cultural preferences, and special occasions. Menus are planned in consultation with residents and nutritionists, ensuring a balance of fresh, seasonal produce and a variety of flavours.

Each room at St Martin's is designed for comfort and personalisation, with single, twin, and shared configurations. All rooms feature natural light, built-in storage, and safety features like nurse call and fire safety systems. Life at St Martin's is centred on connection, with our dedicated lifestyle team organising activities and outings to keep residents active and engaged.
