

Corporate Partnerships

I want to support an organisation that *Supports others*

I just need to find one who supports what *I want to support*

Anglicare Southern Queensland has been supporting those in need for over 140 years. As one of Queensland's most experienced providers, we deliver a broad range of support services - irrelevant of religion, ethnicity or social standing.

Our 'all of life' services help support people to live the life they want. They are delivered in partnership with Government and other organisations and include:

- Help at Home
- Residential Aged Care
- Retirement Communities

- Disability Support
- Family Wellbeing
- Foster Care Services
- Mental Health and Wellbeing Services
- Youth Services
- Homelessness Services

We could really use your support.

To provide our range and quality of support services across Queensland, we need you. We are calling for partners to help us make a tangible difference in the lives of Queenslanders who need it most.

The most immediate and impactful way you can help, is to kick-start a partnership with Anglicare.

We will work with you to match your philanthropic contributions with the objectives of your company charter or the specific interests of your customers and employees.

We can assist with ways to be involved and engaged in fundraising, charity challenges and events, to show your support. You can host or sponsor a charity ball, a company or community fundraising event, or even champion a project.

Supporting Anglicare and the people we care for is a genuine demonstration of the four pillars of Corporate Social Responsibility – workplace, community, environment and marketplace.

When you create a corporate partnership with us, we will keep you regularly updated and involved and work collaboratively to strategically align your support.

Don't just support someone. Support somebody.

When you choose to support Anglicare in any shape or form, you make a profound difference in the lives of fellow Queenslanders.

Your support helps:

- Someone living with a disability to achieve their life goals, by affording regular and consistent one-on-one care, at home and in the community
- A person battling mental health issues, by enabling us to conduct counselling sessions that help them learn coping techniques, to live a healthier and more fulfilling life
- Children and young people in need of full-time care by funding training and 24/7 support for our dedicated foster carers
- The elderly, who want to stay in control of their lives but need a little support in running their household through subsidising our professionally trained Help at Home carers

- A family to see the bigger picture and cope together, with stronger parenting skills and better family relationships, through the delivery of our parenting programs
- Women and young people who find themselves homeless and desperately in need of a safe place to go, with funding for accommodation options and health education
- Young people to set life goals, work through their issues and get on with the life they want, via our funded professional counselling services and programs.

The support we received from our loyal and philanthropic partners in 2016 had an immense and positive impact on the services we provided. They helped support us to:

 Deliver aged care to 32,285 clients	 Travel over a billion kilometres to service clients	 Spent over 100,000 hours caring for disability clients
Provided 336,661 nights of care for children and families	 Supported over 500 homeless clients	Provided over 30,000 direct hours of mental health and family wellbeing care

We know where we're needed. And we don't shy away from the challenges to provide support where it's needed most. But our biggest challenge is funding.

As a not-for-profit organisation, we, and in turn those we provide care for, benefit greatly from your support. While we have a number of cherished supporters from all walks of life, business types and industry leaders, our one-on-one human support network has the potential to do so much more.

If you're interested in partnering with us to make a difference, call us on **1300 244 683**.

Anglicare Southern Queensland acknowledges the Traditional Owners of the lands on which our services now stand. We pay our respect to Elders – past, present and emerging – and acknowledge the important role of Aboriginal and Torres Strait Islander people in caring for their own communities.
