

St Martin's Residential Aged Care, Taigum

Your Home in Brisbane's North

Anglicare
Southern Queensland

150
YEARS

“I had a stroke just over a year ago. I was in hospital so I could have physio. My daughter arranged for me to come and live at St Martin’s. We have a physio who comes to the home, and this has helped with my recovery. I like gardening, so it is good to have my own flower and herb garden outside my room.”

Barry – St Martin’s resident

Caring for Queenslanders

For over 150 years, our Anglicare Southern Queensland staff have connected with people at every stage of their life journey, responding with care and compassion to our community members who need support.

With eight thriving aged care communities throughout Brisbane and regional centres including the Gold Coast, Toowoomba, Hervey Bay and Bundaberg, Anglicare Southern Queensland is ready to provide you with the support you need.

Our residential aged care philosophy recognises each person living in our care as an individual, with their own unique story and diverse needs. The Rhythm of Life™ care model embraces this philosophy every day in our homes, providing individualised care, choice and independence to enrich your quality of life. We also incorporate your interests and passions into our planned activities so you can continue to do the things you love.

Anglicare Southern Queensland has been recognised for the high quality care and commitment of our staff in the services they deliver to older Queenslanders.

For two years in a row, we have received the Most Trusted Brand Award for Aged Care and Retirement Villages in Queensland. We have also received a Silver and Gold Standard for Quality Service in Aged Care and Retirement. Providing quality care and support for Queenslanders is at the heart of who we are.

**Independent researcher, Catalyst Research. As voted by the Australian public, 2019–2020.*

Margaret's Story

“I had been living at the same address for 58 years. I chose St Martin's because it is homely and it has a welcoming feel about the place. I can walk out of my room, into the sunroom where I have my garden.

I have my independence and can go scootering around with my friend Charlie. We worked out that my husband used to work with Charlie at Main Roads many years ago. Once we made this connection, we have become good friends. It's a small world!”

Margaret – St Martin's resident

We understand that moving into an aged care home can be overwhelming.

When you choose St Martin's Residential Aged Care, you will be part of a supportive community, where you can continue to do the things you love and have the peace of mind that you are receiving the level of care that's right for you.

Living at St Martin's

St Martin's is a single level home, located in the leafy suburb of Taigum, north Brisbane. It is home to 70 residents. Our Specialist Dementia Care Program Unit has nine beds available for people living with dementia who have more complex needs and are unable to be cared for by mainstream aged care services.

There is a real sense of community and family at St Martin's, with the beautiful landscaped gardens, and communal sunrooms adjoining the rooms. The home is also conveniently located close to neighbourhood shops, and is on a public transport route.

Our qualified and caring staff assist in fostering a loving community and friendships through activities and a variety of social hubs. The al fresco and barbeque area or one of the sunrooms are a relaxing place for residents to read or catch-up with family and friends. Other social hubs include the communal and dining areas for each wing, and a community hall for special events and functions.

At St Martin's we go to great lengths to make our residents feel at home and know their life experience is valued and respected.

St Martin's is a fully accredited residential aged care home.

Features:

- 24-hour nursing and care services
- Bilingual staff support for non-English speaking residents
- Specialist Dementia Care Program Unit
- Landscaped gardens with areas for recreational activities
- Al fresco area for outdoor barbeques and functions
- Social activities and outings
- Allied health services
- Hairdresser
- Music therapist
- Regular onsite church services
- Spiritual and pastoral support.

Your Wellbeing

Your care and wellbeing is at the heart of everything we do.

Rhythm of Life™* - Our Care Model

Our staff regularly engage with residents and their families to understand how we can do better on our journey for excellence. Our standards of care are lived through the philosophy and principles of our Rhythm of Life™ care model – embracing the power of individualised care by genuinely including people's interests and passions into their daily experiences.

Our Philosophy

"The care we offer responds to the diverse needs and choices of the people we serve. Rhythm of Life™ supports autonomy, dignity and encourages people to form and strengthen partnerships of care".

Our Principles

Everybody has a unique story

Everybody deserves honour and respect

Everybody will be supported in decisions relating to their life

Everybody will be encouraged to maintain and develop relationships that are meaningful

Everybody will be provided with holistic care that meets their individual needs

Everybody will be supported to feel safe, comfortable, welcome and 'at home'

Everybody will have their needs and preferences acknowledged and valued

Our Standards of Care

We are committed to excellence in care; contemporary practice and care models with an ongoing process for continuous improvement. We are committed to maintaining the level of care and resident outcomes outlined by the Aged Care Quality Standards set by the Aged Care Quality and Safety Commission. We regularly monitor feedback and outcomes to ensure we continually improve our services and meet your expectations.

Your Right to Choose

We aim to work in partnership with you and your family by respecting your identity, choices about your life and how you would like to live each day. Our staff will work with you to ensure your decisions about care and services and your right to take risks is well-balanced, well-informed and agreed upon.

Our Initiatives

Some examples of our commitment to individualised care include:

- flexible breakfast times and lunches of choice
- resident committees to assist in decision making for the home
- food forums to discuss menu ideas
- activity boxes including craft and games that are accessible anytime.

"I have recently moved here. The staff and other residents are very friendly."

Your Care

When you join us, our Care Coordinator or Clinical Nurse will meet with you regularly to develop your care plan. We work on this together to make sure all your individual needs are met.

You will continue to have every opportunity to tell us how you would like to be involved in all aspects of daily life and care.

Keeping your family or significant other informed about changes to your care is very important. It is our practice to let your family know if there are any changes to your health or medication. Likewise, if you go to see a doctor or allied health service outside of the home, we like to be kept informed to ensure you receive the best holistic care.

Understanding who you are as an individual, what you like to do, how you like to live each day and what is meaningful in your life – matters to us. We are here to support you so you can continue to do the things you love in your new home and live the life you want.

Our team of clinical staff provide person-centred, evidence-based care 24 hours a day, within a supportive environment.

There are also a range of allied health professionals that regularly visit St Martin's including a physiotherapist, podiatrist, dentist, audiologist, speech therapist and a dietitian.

We will support you to maintain your own doctor to visit you at the home. If this service is not available to you, we have a number of doctors who visit the home regularly.

“I love that I can still keep my independence and catch the bus to the shops or go for a walk around the neighbourhood.”

Claire

Staying Healthy

We offer individualised lifestyle programs tailored to residents' interests, passions and backgrounds. We support you to continue to do the things you are passionate about and encourage independence to choose other individual and group activities.

Activities to stay active in mind and body include:

- arts and music
- craft, bingo and board games
- exercise and wellness stretch classes
- social and community engagement e.g. school visits and performances
- barbeque functions with family and friends
- resident committee.

Your Food

All our meals are prepared in accordance with National Food Safety Standards and in consultation with a nutritionist. Our menus are carefully planned with nutrition, fresh produce and variety in mind.

Our kitchen staff provides freshly prepared meals, delivered to our dining areas.

Special dietary requirements are catered for including individual and cultural needs.

Your Community

Our leisure and lifestyle specialists coordinate a broad variety of activities with the residents. Pre-entry discussions and feedback from our residents helps our staff to identify leisure interests so our program can be tailored to suit preferences.

Communal areas including the dining room, community hall, and outdoor dining and activities are also opportunities to connect with others.

A fully qualified spiritual and pastoral carer is available to provide spiritual support for both residents and their families.

Our Rooms

Your comfort and creating a home environment that suits you is important to us.

All our rooms have telephone and television connections. Our installed safety systems include nurse call and fire safety services.

We offer four room types to suit your needs:

Single shared ensuite room

- Medium-sized air conditioned room (20.5m²) with a shared ensuite bathroom.
- Ample in-room storage, including wardrobe, chest of drawers and shelving.
- Each room is fitted with ceiling fans.

Twin shared ensuite room

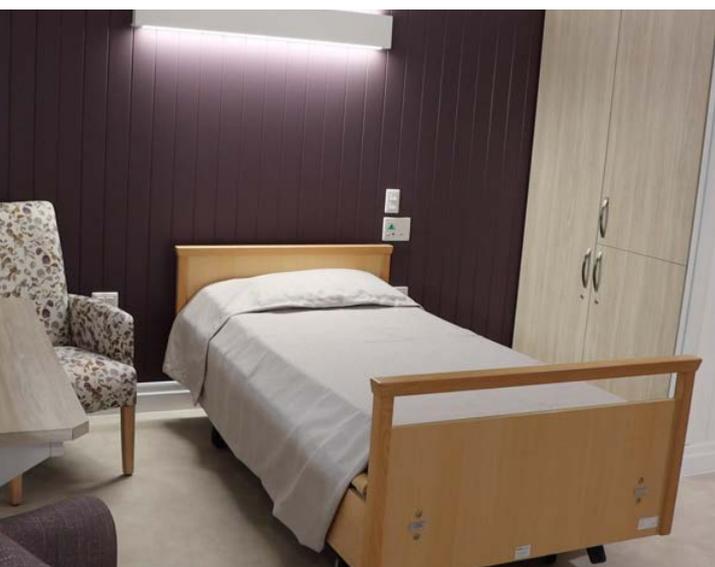

- Large room shared with one other (11.5m² per person).
- Shared ensuite bathroom.
- Ample in-room storage including wardrobe, chest of drawers and shelving.

Multi shared room

- Large room shared with three others (11m² per person).
- Shared ensuite bathroom.
- Ample in-room storage including wardrobe, chest of drawers and shelving.

Specialist Dementia Care Room

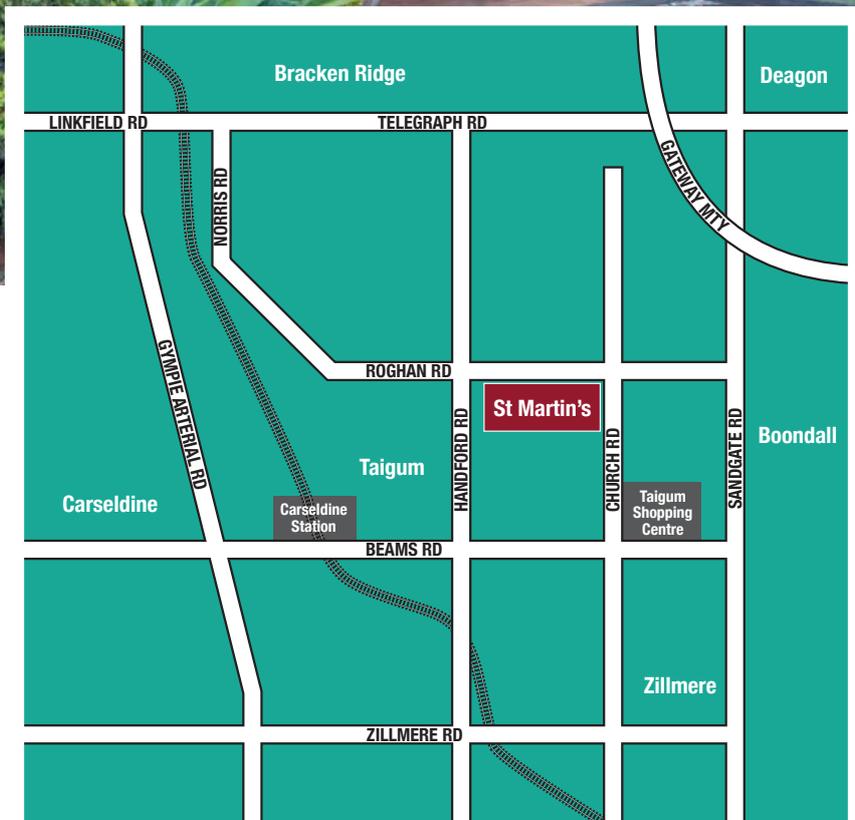

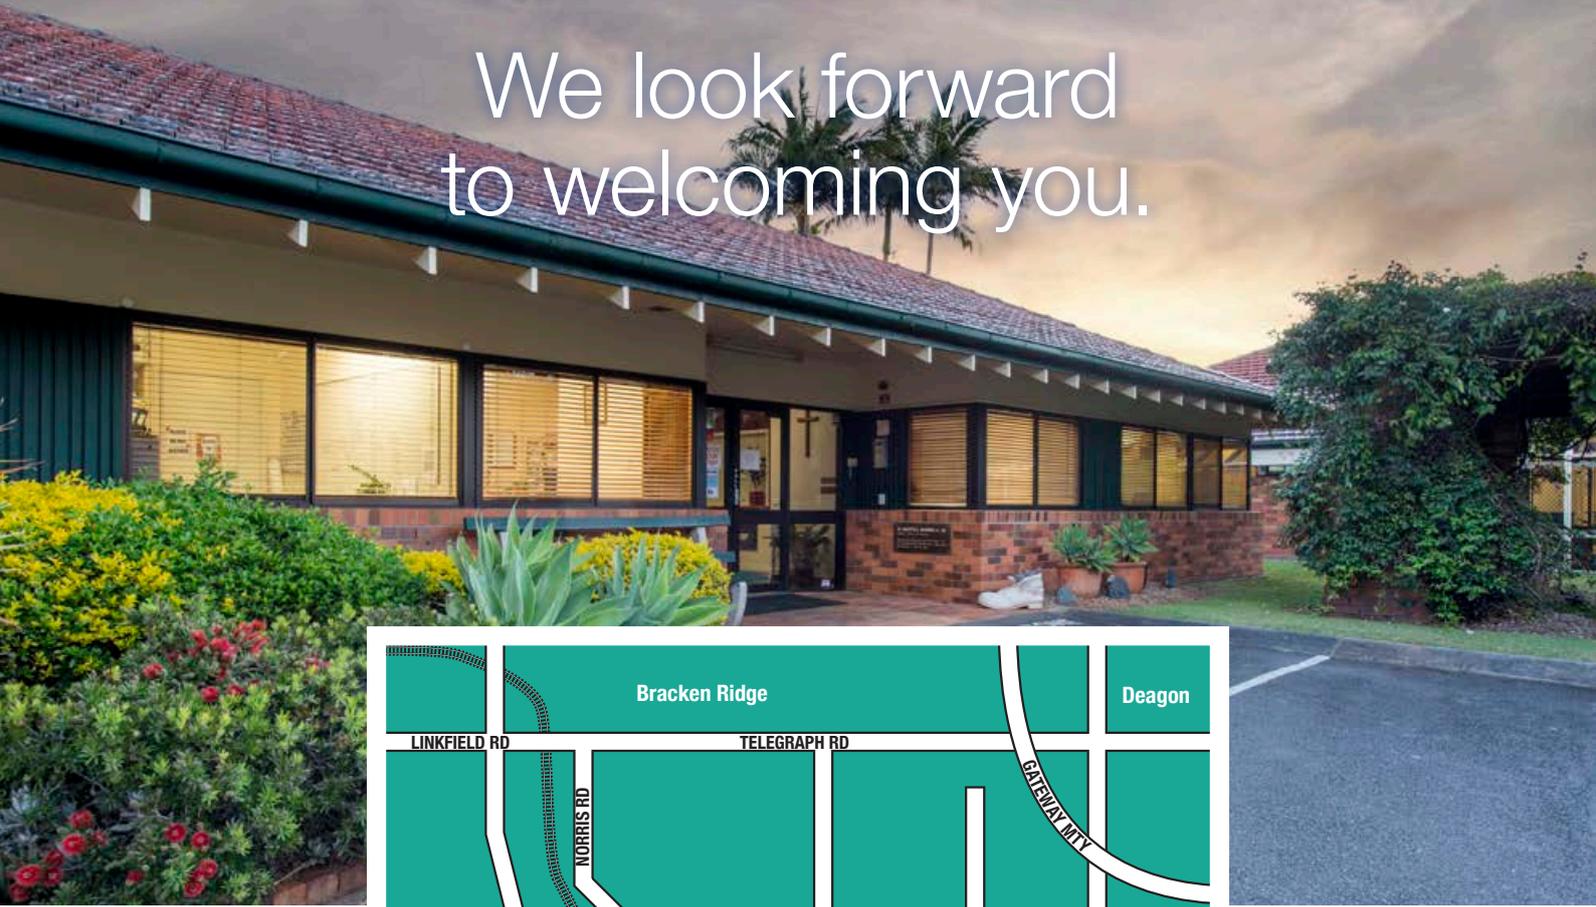

- Large air conditioned single room (20m²) with private ensuite bathroom.
- Ample in-room storage with wardrobe, chest of drawers and shelving.
- Access to outdoor patio area.

We understand that there are many things to consider when you move into a residential aged care community. We would love to show you around St Martin's, so you can make an informed decision about your care.
