Home Care Package Fee Schedule

Including Short-Term Restorative Care Fee Schedule

The Basic Daily Fee is an optional fee charged by providers and equates to 17.5% of the government aged care pension. Anglicare Southern Queensland waives the Basic Daily Fee for Home Care Package clients.

An income-tested care fee is a contribution that some people pay, as determined through an income assessment with Services Australia. This is a fee that Service Providers must collect towards the package funds, and because it is based on financial information that you provide, it is subject to change if your financial circumstances change as determined by Services Australia. If you have not yet determined if you have a fee to pay, please contact Services Australia on 1800 227 475 and request an income assessment.

You can purchase services from the government Home Care Package subsidy provided and in addition to the Home Care Package subsidy at the below rates.

Charges are calculated using the hourly rates. Services have a 30 minute minimum period of time and increase incrementally every 15 minutes. Rates are exclusive of GST.

**All visit-related staff travel costs are charged at \$1.50 per km for all package levels.
The minimum kms charged is 10km (\$15.00).**
