

Applications now open

Applications open	25 August 2025
Applications close	24 October 2025
Short listed applications presentation	w/c 10 November 2025
Announcement of successful applications	w/c 24 November 2025

The Anglicare Research Seed Grants Program aims to bring the original research ideas of Anglicare staff to life by linking staff with academics who are keen to work together as co-researchers.

The Program aims to nurture innovative applied research projects consistent with Anglicare's strategic and research priorities and/or commitments, as outlined in our [Research, Evaluation & Advocacy Roadmap](#) and/or Anglicare's [Strategic Plan](#).

Funding

Funding of up to \$20,000 (excl. GST), which may be taken over 18 months, will be provided to each successful applicant (individual or team).

Eligibility

Anglicare will consider applications that:

- meet eligibility requirements set out in the [Research Seed Grants Application Guidelines](#)
- support Anglicare's strategic priorities, commitments and focus areas
- are deemed by the review panel to be innovative projects with high relevance to Anglicare.

All seed grant applications must be initiated by an Anglicare staff member, and include an Anglicare Lead Investigator to work in collaboration with a university-based Academic Lead.

Anglicare staff or teams from any part of the organisation are eligible to apply for funding.

How to apply

Please contact research@anglicaresq.org.au for discussion of your proposal before applying. We strongly suggest you also read our [Seed Grant Tip Sheet](#).

Applications are to be submitted online at <https://anglicaresq.questionpro.com.au/researchapplication>

Contact us

If you have any questions, and to discuss your project prior to submitting an application, please email: research@anglicaresq.org.au

Further information on applying for Anglicare's Research Seed Grants is available at [Research at Anglicare SQ](#).
