**RE: Upcoming construction at EM Tooth and impact to access in our home**

Dear residents and loved ones,

As part of our ongoing communication, I am writing to advise you of some upcoming construction works that may temporarily impact your access around our home.

From **Thursday 19 March 2026** construction workers will remove a section of the existing walkway, as shown in the **image on page 2**.

During these works, a truck will be parked across the driveway while a small machine loads concrete.

Spotters will be in place, as indicated in the image, to help ensure the safety of residents and visitors while work is underway.

A temporary noise barrier will be installed between the home and the left-hand side of the main entry to help minimise construction noise whilst works are carried out.

All construction noise impacts will be managed in accordance with Council requirements and restrictions. We apologise for any inconvenience this may cause and thank you for your understanding.

We thank you for your continued patience during this time. For more information, please do not hesitate to get in touch with our team.

Kind regards,

*Nicky Harrison*
